On the third of June, he found another useless Bartholomew, and on Saturday, the twenty-fifth, two deeply disturbing events occurred. He switched on his kitchen radio only to discover that "Paperback Writer," yet another Beatles song, had climbed to the top of the charts, and he received a call from a ea woman.."Forget Barty's tree for a second and imagine that all these many worlds are like stacked slices of Swiss cheese. Through some holes, you can see only the next slice. Through others, you see through two or three or five slices before holes stop overlapping. There are little holes between stacked worlds, too, but they're constantly

shifting, changing, second by second. And I can't see them, really, but I have an uncanny feel for them. Watch closely." Cypresses lined the entry drive to the cemetery. Tall and solemn, the trees kept guard, as though posted to prevent restless spirits from roaming out into the land of the living. The infant's smile was so captivating and his puzzlement so comically earnest that both expressions worked on Agnes's misery as surely as yeast leavens dough. Her bitter tears turned sweet. As she clambered through the open door into Celestina's lap, the girl said, "Uncle Wally gave me an Oreo." One of the hardest things that she had ever done was to leave him then, alone in his room, with the hateful something still quietly growing in his eye. She wanted to move the armchair close to his bed and watch over him throughout the night. Perhaps he would not have leaped along this chain of conclusions if he'd not been an admirer of Caesar Zedd, for Zedd teaches that too often society encourages us to dismiss certain insights as illogical, even when in fact these insights arise from animal instinct and are the closest thing to unalloyed truth we will ever know. "I just wanted everyone to come see the spider, that's all. It was a really, really icky interesting bug." "AND I DRINK CHAMPAGNE ALL DAY," said Miss Cheese, pronouncing it "cham-pay-non." glasses off the table. He seized one of the pewter candlesticks, as well, knocking the candle out of it. "Maybe he could if he was able to lift it, but I couldn't throw a pig or an Oreo or anything else into any other place. It's just not something I know how to do." Extracting documents from his valise, Vinnie said, "Well, I've no right to talk. Food is my obsession. Look at me, so fat you'd think I'd been raised from birth for sacrifice." As red as Angel had been for her evening outing, she was that yellow for retirement to bed in her own home. Two-piece yellow jersey pajamas. Yellow socks. At the girl's request, Celestina had tied a soft yellow bow in her mass of springy hair. He'd been a godsend to Celestina, because his love of children and a new sense of fun that he'd discovered in himself were showered on Angel. He was Uncle Wally. Waddling Wally, Wobbly Wally, Wally Walrus, Wally Werewolf. Wally Wit Duh Funny Accents. Wiggle Eared Wally. Whistling Wally. Wrangler Wally. He was Good Golly Wally the Friend of All Polliwogs. Angel adored him, adored him, and he could have loved her no more if she had been one of the sons that he had lost. Overwhelmed by her classes, her waitressing job, her painting, Celestina could always count on Wally to step in to share the child rearing. He wasn't merely Angel's honorary uncle, but her father in all senses except the legal and biological; he wasn't just her doctor, but a guardian angel who fretted over her mildest fever and worried about all the ways the world could wound a child. Dumpsters and delivery trucks hulked against the building walls. Steam billowed out of street grates. The gray shadows were no longer disturbed by a running shade in a tweed sports jacket. Vanadium's wounds were too grievous to pass for accidental injuries. Even if there were some way to disguise them through clever staging, no one would believe that Victoria had died in a freak fall and that Vanadium, rushing to her side, had slipped and tumbled and sustained mortal head injuries, as well. Such a strong whiff of slapstick would put even the Spruce Hills police on to the scent of murder. Clutching the purse as though determined to resist robbery even in death, the guy dropped, sprawled, shuddered, and lay still. He'd gone down with no shout of alarm, with no cry of mortal pain, with so little noise that Junior wanted to kiss him, except that he didn't kiss men, alive or dead, although a man dressed as a woman had once tricked him, and though a dead pianist had once given him a lick in the dark. The 9-mm pistol rested in the complementary shoulder holster, under Junior's leather coat. But the sound-suppressor hadn't been attached; it was in one of his coat pockets. The extended barrel, too long to lay comfortably against his left side, would most likely have hung up on the holster when drawn. "You mean it's like with you in the kitchen, but not if you go into the living room? Your cold has a mind of its own?" Agnes remained mystified by this talk, but a week before, in the rain-swept cemetery, she had learned there was substance to it. In the distance, the clang of a trolley-car bell. Hard and clear in spite of the muffling fog. As long as Junior continued to fake sleep, the cop couldn't be absolutely sure that any deception was taking place. This analgesic was among several prescription substances that he had stolen, over time, from the drug locker at the rehab hospital where he once worked. Some he had sold; these he had retained. And as he grew, the boy seemed content with his own company and that of his mother and his uncles. Yet Agnes worried that no children his age lived in their neighborhood. She thought he would be happier if he had a playmate or two. She bit her lower lip, held her breath, repressed the sob that sought release, and said, "I know." As they savored the icy martinis, she asked about the client, and Nolly said, "He bought the story. I won't be seeing him again." Celestina had a delayed reaction to Barty's name. An odd look came over her. "Barty? Short for ... Bartholomew?" Airborne, Phimie complained of ringing in her ears, which might have been related to the flight. She also suffered an episode of double vision and, in the airport after landing, a nosebleed, which appeared to be related to her previous symptoms. Outside, he discovered that some worthless criminal wretch had broken into his Suburban during the night. The suitcase and Book-of-the-Month selections were gone. The creep even swiped the Kleenex, the chewing gum, and the breath mints from the glove compartment. Knacker or Hisscus, or Nork, was talking about an offering, as though Naomi were a goddess to whom they wished to present a penance of gold and jewels. "He's a wonderful boy, so very bright, so very full of life. Blindness will be hard, but it won't be the end. He'll cope without the light. It'll be so difficult at first, but this boy ... eventually he'll thrive." In the sermon that brought him a moment of fame that he'd found more uncomfortable than not, Daddy had used the life of Bartholomew to illustrate his point that every day in every life is of the most profound importance. Bartholomew is arguably the most obscure of the twelve disciples. Some would say Lebbeaus is less known, some might even point to Thomas the doubter. But Bartholomew certainly casts a shadow far shorter than those of Peter, Matthew, James, John, and Philip. Daddy's purpose in proclaiming Bartholomew the most obscure of the twelve was then to imagine in vivid detail how that apostle's actions, seemingly of little consequence at the time, had resonated down through history, through hundreds of millions of lives-and then to assert that the life of each chambermaid listening to this sermon, the life of each car mechanic, each teacher, each truck driver, each waitress, each doctor, each janitor, was as important as the resonant life of Bartholomew, although each dwelt beyond the lamp of fame and labored without the applause of multitudes. When she turned to him again, he had already slipped into his jacket and snatched the car keys off the foyer table. He put his left hand under her right arm, as though Agnes were feeble and in need of sup-. At the end, with the salt Tom and the pepper Tom standing side by side in their different but parallel worlds, Maria said, "Seems like science fiction." The aging, fugitive Nazi had been replaced at the front desk by a woman with messily chopped blond hair, a brutish face, and arms that would dissuade Charles Atlas from challenging her. She changed a five-dollar bill into coins for the vending machines and snarled at him only once in strangely accented English. In spite of his dumpy appearance-and especially in the dark, where appearances didn't count-Vanadium had the aura of a mystic. Although Junior didn't believe in mystics or in the various unearthly powers they claimed to possess, he knew that mystics who believed in themselves were exceptionally dangerous people. "Not so bad, two thousand," Tom heard himself say idiotically. "I mean, compared to nearly four million." On

the high marsh-Dragonfly-A description of Earthsea.. "Thank you, Dr. Lipscomb. I'll keep track of what you're losing every month, and someday I'll pay it back to you.". The three of them, gathered around her in the quick, held fast to her, as if Death couldn't take what they refused to release.. WHEN DR. JIM PARKHURST made his evening rounds, Junior didn't continue to feign sleep but asked earnest questions to which he knew most of the answers, having eavesdropped on the conversation between the physician and Detective Vanadium.. Heart racing, Tom produced another quarter from a pants pocket. For the benefit of the adults, he performed the proper preparation-a little patter and the ten-finger flimflam-because in magic as in jewelry, every diamond must have the proper setting if it's to glitter impressively.. The Rolex. Because most of the trash in the huge bin was bagged, finding the watch would be easier than Junior had feared.. Dressed entirely in a shade of pink that darkened to rouge when wet, Angel squealed and deserted Barty. Spotted-streaked-splashed, with false tears on her cheeks, with a darkly glimmering crown of rain jewels in her hair, she raced up the steps as though she were a princess abandoned by her coachman, and allowed herself to be scooped into her grandmother's arms.. IN NEED OF OIL, the hand crank squeaked, but the tall halves of the casement window parted and opened outward into the alleyway.. "That's kind of you," Panglo stammered, "but I have little time for reading, very little time..". Move, move, like a runaway train, leaving the dead nuns--or at least one dead musician--far behind.. Although Junior was free of the superstitions that Naomi, in her innocence and sentimentality, had embraced, he wept without pretense.. Yet his heart slammed hard and heavy against his confining ribs, and fear stippled the nape of his neck.
